Whether you're experiencing a breakdown in your regular child care, looking for an after-school sitter, have adult/elder care needs, or need someone to walk the dog – Bright Horizons Care Advantage® is here to support Yale University faculty, managerial & professional staff, and post-doctoral associates.

Back-Up Child & Adult/Elder Care
The Bright Horizons Care Advantage® program provides 10 days of back-up care for your children and/or adult/elder relatives when regular care arrangements fall through and you need to get to work. Copays are $25 per child per day with a maximum of $30 per family per day for center-based care. All in-home care is $6 per hour with a four hour minimum and a ten hour maximum per day. Use back-up care for:

- Urgent or planned back-up child care
- Adult and elder back-up care needs
- School or regular center closings
- You or your spouse are recovering from surgery or an illness
- Your parent or adult loved one needs care in their home – anywhere throughout the U.S.

Nannies, Elder Care, Pet Care & More
The Bright Horizons Care Advantage® program also offers a free membership to the most comprehensive online care database with proprietary matching technology for full-time, evening, weekend, and pet care.* You have access to:

- Self-selected, pre-screened caregivers for your family and pets
- Elder care, planning support and referrals
- Discounted tutoring, test prep & homework help
- Preferred enrollment access and exclusive tuition discounts at participating child care centers nationwide

*Employee is responsible for any related cost with this program
